

## **“Empower Engineers for a Smarter Sri Lanka” Techno Sri Lanka - Inter-School Art Competition-2020**

Techno Sri Lanka, the premier National Engineering and Technology Exhibition of Sri Lanka and the annual flagship exhibition of “The Institution of Engineers, Sri Lanka” (IESL), is to hold its 35<sup>th</sup> edition of techno Sri Lanka exhibition, “techno2020” from 16<sup>th</sup> to 18<sup>th</sup> October 2020. In parallel to this, techno2020 proudly presents its annual Art Competition event for the Students of Schools in Sri Lanka on the theme of **“EMPOWER ENGINEERS FOR A SMARTER SRI LANKA”**.

The “techno 2020 - Art Competition” is open to all school students in **Grades 6 to 13** under **TWO categories**;

Category 1 - Grades 6, 7, 8 & 9

Category 2 - Grades 10, 11, 12 & 13

The main aim of this Art Competition is to create a strong conceptual and practical knowledge of engineering among school children through the following aspirations.

1. Empower our engineers to accelerate the efforts of every industry, business and government organizations to modernize its modern engineering and technology efforts to build a good engineering platform for the economy, governance and society of the country and to lead and lead a nation-wide movement powered by a society of technically savvy citizens and communities.
2. Enhance the expected developments in all areas of engineering and take greater opportunity for Sri Lanka to develop our strengths, overcome our national challenges, overcome physical constraints and develop new sources of comparative advantage.
3. Accelerate modernized engineering and technical efforts to identify areas of engineering consultancy, program / project management and comprehensive planning services for residential, commercial and industrial development projects as well as roads, water and sewerage infrastructure projects by empowered engineers of the national movement.

## **Guidelines:**

Drawings for the competition should be created along following Guidelines.

- Paper size- A3 art paper
